Historical Note

The Union of Democratic Filipinos (KDP) is an organization that emerged in the Filipino American Community in 1973. As an organization the KDP embraced the dual goal of establishing socialism in the US, as well as supporting the National Democratic Movement led by the Communist Party of the Philippines (CPP). A central part of the mission of the KDP was fighting the regime of Philippines dictator Ferdinand Marcos, who had established marshall law when he seized power and repressed leftists and trade unionists in the Phillipines. Two of the KDP's Seattle members, Gene Viernes and Silme Domingo, were assassinated for their attempts to counter the Marcos regime and reform the Cannery Workers Union in Seattle. Marcos was later found guilty of orchestrating the attacks and found criminally liable in a US court.

Content Description

Records, publications, photographic slides, and research files collected by the KDP in its activities. The collection also contains some materials on the history of the organization and its members.

Use of the Collection

Restrictions on Use

Literary rights of representatives of the records-creating organization transferred to the University of Washington Libraries.
